“At TEP Group International, we devise solutions that make a difference. Our safe, efficient, and reliable products are designed to improve the quality of life of our customers. Our unique capabilities make us the perfect players to revolutionize how we live, and we work towards that goal every day.”

About Us

Established in 2004, TEP Group International started as a trading company in Bahrain and has become a global name in the manufacturing and distribution of high-quality electrical products and solutions in our field. We build trust with our clients, stakeholders and suppliers by maintaining a high-level business ethics and relationships.

With our center of operations located in the Kingdom of Bahrain and extended to the US and India, we represent several global and TEP brands including local and international government-approved electrical products distributed throughout the world to meet clients' obligations with the utmost confidence. For almost two decades, we have maintained our market reputation through our state-of-the-art manufacturing factory, boasting 4,000 sqm. of facilities situated locally and internationally.

Armed with professionally qualified team with a diverse background, we are able to innovate and improve processes to provide safe and sustainable products of high quality.

Distribution Boards (DB)

Salient Features

- Aesthetically designed in compliance with latest standards
- Wide range of sheet-steel DBs up to 18ways
- SPN, TPN MCB Distribution Board
- Degree of protection IP30 as Standard
- IP31, 42 , IP43 & 55 available (non-Standard sizes)
- Surface & flush mounting
- Powder coated – Corrosion & scratch resistant
- Detachable gland plate (optional)
- Adequate knock-outs on all sides
- Generous wiring space
- Clear circuit identification
- Supplied complete with busbar, earth & neutral bars
- Suitable for Ambient temperature 55 Degree

Technical Details

Voltage	240 V AC for SPN, 415 V for TPN DBs
Busbar Rating	63A/100A/125A
No. of Ways	4, 6, 8, 10, 12, 14, 18ways
Mounting	Surface/Flush
Dielectric Strength	2.5kV RMS AC for 1 Min
Mounting Arrangement	35mm DIN Rail for MCBs, RCCBs (SPN) 125A Pan-tray assembly For TPN DB

All Dimensions are in Millimetre (mm)

SPN MCB DB Non-Split

Salient Features

- Single door
- IP30 protection
- Standard color RAL-7035
- Hinged full door with sliding lock
- Knock outs at Top, Bottom, Sides and back of enclosure
- Surface or Flush mounted covers
- Generous wiring space, adequate for cable glands
- Superior powder coated finish for better protection against heat & dust (Powder coating thickness of more than 60 microns)
- Detachable gland plates (OPTIONAL)
- Complete with copper phase comb-bar, earth bar & neutral bars
